4. Use your Big Shot to cut out some gears with the Geared Up Garage dies.

5. Adhere the Designer Series Paper banners to the Crushed Curry piece. Then add the Black Foil gears. Adhere the Real Red Ribbon across the entire piece. Then adhere the Crushed Curry piece to the base.

6. Swipe the Tailored Tag punch out across your Real Red ink pad to color the edges. You could also use daubers or sponges to add the color. Then stamp the sentiment in Basic Gray ink.

7. Use dimensionals to adhere the Tailored Tag punch out to the front of the card. Add the metal key using glue dots.

*You may also choose to add some gears inside the card. Or stamp images inside.
